

CGA Annual Meeting Sponsor Program

Now approaching its 106th year, the Compressed Gas Association continues to set the standard for safety for the industrial and medical gas industry. **The CGA Annual Meeting is the largest technically-focused gathering of our industry's subject matter experts.** We anticipate approximately 250 attendees, including representation from every facet of the industry. This is your opportunity to market directly to an audience of influential industry leaders.

There are several opportunities for your company to connect with Annual Meeting attendees. As a sponsor of the 2019 CGA Annual Meeting, you will support the critical work of CGA, create goodwill amongst CGA members, and increase awareness of your organization amongst attendees. Your organization will enjoy a number of benefits, including showcasing your products and services to potential clients, inclusion of your branding in meeting materials, and recognition at major meeting functions. With participants from all levels of leadership within the industry, your company will want to connect with our meeting attendees – the driving forces in the industry.

To learn more, please contact Nancy Flower (nflower@cganet.com).
